Regular Donor Lifetime & Donor Member Volunteer Career

How to Become a Lifetime and Donor Member

According to Articles Kha (খ) and Ga (গ) of Section Four in the Constitution of As-Sunnah Foundation, 'Lifetime Members' and 'Donor Members' are being enrolled.

Lifetime and donor members may provide any constructive suggestions for the welfare of the Foundation.

The one-time donations collected from the members of these two councils will be used to build the As-Sunnah Foundation Complex and the Grand Islamic Center, in shaa Allah. This is a Sadaqah Jariyah (ongoing charity) project, the rewards of which will continue to benefit even after death, in shaa Allah.

As-Sunnah Foundation Masjid Complex and Islamic Center

The mosque of the Messenger of Allah (peace and blessings be upon him) was not only a place for offering Salat but also a center for various forms of welfare. Although Dhaka is known as a city of mosques, most mosques here are limited to congregational prayers and, at best, small Maktabs. As-Sunnah Foundation aims to establish a model mosque in Dhaka that will be active not only in Salat but also in various welfare activities. This will include regular Islamic education programs for people of all classes, professions, and ages, written summaries of the weekly khutbah distributed among the worshippers, opportunities to meet and learn from experienced scholars, special corners for women and children, free primary treatment for underprivileged patients, counseling services by scholars to resolve family and personal disputes, and a Muasirkhana (guest house) for people coming to Dhaka from villages for temporary needs, in shaa Allah.

In addition, next to the mosque, there will be the national headquarters of all the welfare activities conducted by the As-Sunnah Foundation across the country, in shaa Allah. From there, mosques, madrasas, and various humanitarian and public welfare activities will be operated throughout the nation.

What will be available at As-Sunnah Foundation Mosque Complex and Islamic Center:

- Model Jame Masjid
- Modern (Non-residential) Madrasah with a Combined Curriculum of General and Religious Education
- Main Office of As-Sunnah Foundation

[See More](#)

Anyone who agrees with the principles and ideals of As-Sunnah Foundation can apply to become a Lifetime Member or a Donor Member.

Lifetime Member
Those who donate a one-time amount of at least 100,000 BDT or more to the Foundation's fund for its welfare activities will be considered Lifetime Members of the Foundation.

Donor Member
Those who donate a one-time amount of at least 50,000 BDT or more to the Foundation's fund for its welfare activities will be considered Donor Members of the Foundation.

About WBS

A. Who We Are

The Wellbeing Bangladesh Society (WBS) is a non-profit, non-political social service organization founded in February 2020. It was initially registered as a Society under the RJSC with registration number S-13324. In 2025, WBS obtained NGO certification from NGO Affairs Bureau with registration number 3516. From the very beginning, WBS has been devoted to ease human suffering and support individuals facing hardship, neglect, or social disparity. Guided by the Core Humanitarian Standards (CHS) and the United Nations' Sustainable Development Goals (SDGs) 2030, the organization works to uplift vulnerable communities by alleviating poverty, promoting equality, and improving living standards.

WBS executes diverse projects across Education, Food Security, Health and Nutrition, Livelihoods and Resilience, Shelter and Protection, Seasonal Initiatives, and WASH facilities. These programs are designed to support homeless individuals, day labourers, and distressed communities, with special focus on destitute women, widows, orphans, and persons with disabilities.

The organization is driven by a vision of a just, inclusive, and equitable society where individuals have the opportunity to learn, grow, innovate, and lead dignified lives. WBS believes that with the appropriate and timely opportunities, even the most marginalised communities can prosper. This belief guides every project, decision, and intervention the organisation pursues.

As a service-focused organisation, WBS plans and delivers programmes with a strong understanding of national priorities and global humanitarian standards, maintaining transparency, accountability, and full compliance with the laws and regulations of the Government of Bangladesh.

With compassion and commitment to humanity, Wellbeing Bangladesh Society continues to speak on behalf of those too often forgotten.

B. History

History of Wellbeing Bangladesh Society (WBS)

The journey of the Wellbeing Bangladesh Society (WBS) began in 1998 with a small act of kindness. A group of friends studying at the same institution shared one belief: no student should be left behind because of financial hardship. Driven by this conviction, they collected small contributions from classmates who could afford to help. With these modest funds, they bought textbooks, provided accommodation fees, medical expenses, offered basic necessities and financial support to students in need. It was a small initiative, born inside a campus, but it planted the seeds of something much larger.

The real turning point came in 2006. On April 13, a devastating tornado swept through Tangail and Manikganj, killing more than 60 people and leaving thousands injured and homeless. Witnessing this tragedy, the founding members of WBS felt that their responsibility had grown beyond helping fellow students. They mobilized community support, going door to door, calling friends, encouraging donations and provided urgent relief to affected families. What began as student charity began to evolve into a broader humanitarian mission.

A new chapter opened in 2012 when Global Relief Trust (GRT) extended donor support to WBS. This partnership allowed the Society to run seasonal and special programs, including Qurbani meat distribution for underprivileged families. As the years went by, the partnership strengthened, and by 2016 WBS was regularly implementing GRT-supported projects across the country. The work expanded, the impact grew, and more communities began benefiting from their efforts.

In 2020, WBS reached a major milestone by obtaining official Society Registration from the RJSC. This recognition strengthened its organizational structure, improved accountability, and opened the door for larger, more impactful projects. The partnership with GRT deepened, allowing WBS to deliver a wider range of humanitarian services nationwide.

Finally, in 2025, WBS achieved Bangladesh NGO Affairs Bureau registration marking its transformation into a nationally recognized humanitarian organization. What began in 1998 as a small gesture among friends had grown into a respected institution working for vulnerable communities across Bangladesh.

Today, the Wellbeing Bangladesh Society stands as a testament to the power of compassion and commitment. From its humble beginning to its national presence, the journey of WBS shows how a simple act of kindness can spark lasting change. Guided by empathy, service, and a deep belief in community support, WBS continues to serve those who need it most carrying forward the same spirit that inspired its first steps nearly three decades ago.

C. Where We Work - Map Reference Link: [Islamic Relief](#)

Map (Where We Work)

- On the Bangladesh map, districts where WBS implements projects will be highlighted using the WBS logo or a distinct color.
- On the left side of the map, a list of divisions will be displayed. Under each division, the relevant districts will appear, showing the specific Upazilas where our projects are implemented.
- Based on this information, a percentage will be calculated and displayed according to Upazila coverage.
